

GLOBAL ENTREPRENEURSHIP WEEK

10 Years

*of Enterprise Uganda
promoting small and medium enterprises*

EUROPEAN UNION

It is now six years since I made my first knock on your office, I did not know that from that day you were planning for me by preparing us to reach to this profitable point. It has been a great experience right from when I joined Enterprise Uganda family, my business is growing year by year-**Robert Matsiko, Managing Director NUMA FEEDS LTD, Kabwohe**

My first training was in business management. With Enterprise Uganda training, we uplifted the quality of our services to internationally recognized standards. Additionally, management of the business has become easier- **Kiyimba-Kaggwa Stephen, business owner of Ebenezer Limited Clinical Laboratory. Ebenezer is now ISO certified**

To move your business from where it is to where you want it to be, you need training. That is what I did and my business has grown-**Jayne F Nakato – proprietor of Kinderkare nursery school**
